DETAILED ACTION

Priority

Applicants' claim for priority as a continuation of International Application No. PCT/EP98/04991, filed July 28, 1998 in the EPO, is acknowledged. The priority claim has been granted. Similarly, Applicants' claim for priority based on provisional application No. 60/059,986, filed September 25, 1997 is acknowledged. Likewise, the priority claim has been granted.

Election/Restrictions

Claims 40 and 42 now contain all the limitations of an allowable generic claim (claim 28). Therefore, the claims are no longer withdrawn and have been examined and allowed with the other pending claims.

Allowable Subject Matter

Claims 28-43 are allowed.

The following is an examiner's statement of reasons for allowance: Claim 28 states the limitation "wherein the superconducting tapes have a maximum bearable tensile deformation greater than 3% during manufacture and installation". This limitation, in conjunction with the other claimed limitations was neither found to be disclosed in, nor suggested by the prior art. Claim 29 states the limitation "wherein the superconducting tapes comprise two metal strips coupled to the metal covering". This limitation, in conjunction with the other claimed limitations was neither found to be

Art Unit: 2827

disclosed in, nor suggested by the prior art. Claim 34 states the limitation "wherein the at least one metal strip is made of non-magnetic stainless steel having a low electric conductivity". This limitation, in conjunction with the other claimed limitations was neither found to be disclosed in, nor suggested by the prior art. Claim 35 states the limitation "wherein the at least one metal strip is made of bronze". This limitation, in conjunction with the other claimed limitations was neither found to be disclosed in, nor suggested by the prior art. Claim 36 states the limitation "wherein the at least one metal strip is made of aluminum". This limitation, in conjunction with the other claimed limitations was neither found to be disclosed in, nor suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

Applicants' arguments regarding the previous Election/Restriction requirement has been considered by the Examiner. However, since all the pending claims~~ed~~ have been deemed to contain all the limitations of an allowable generic claim and have thus been allowed, Applicants' arguments have been held to be moot.
